Eddy, the Frog

One day, Eddy, the frog, meets his two friends: Tom, the squirrel, and Mary, the bird.

"Eddy, can you climb trees?" Tom, the squirrel, asks. "No, I can't."

Eddy says. The squirrel laughs and climbs up a tree.

"Eddy, can you sing?" Mary, the bird, asks. "No, I can't." Eddy says. Mary laughs and sings a beautiful song.

"Look," Eddy says, "I can swim."

He jumps into the water and swims.

"That's nothing." Tom and Mary say.

Eddy is sad and he goes away. He comes to a circus. There he meets a

monkey. The monkey is juggling. "Fantastic,"

Eddy says, "please, teach me to

juggle." And the monkey teaches

Eddy to juggle. Eddy is happy

because he can juggle. Then he

goes back to his friends. He says

to them "Look! I can juggle." But his friends don't like it. Eddy is sad again. At that moment a

baby bird falls into the water. It cannot swim.

"Help! Help!" it shouts. Mary and Tom cannot swim, they cannot help the baby bird. Eddy

jumps into the water and helps the baby bird out

of the water. "Thank you, Eddy!" the baby bird

says. Mary and Tom also say thank you to Eddy.

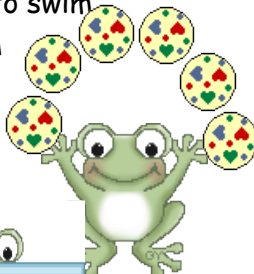

They ask him "Please, teach us to swim."

And they ask him to teach them

to juggle.

Eddy says yes.

He is very happy and smiles.

Peter Parker “The Shark”

Let's read!

Hi! My name is Peter Parker and I am an Australian White Shark. I'm the biggest hunting fish in the sea. I am 6 meters long and I weight more than a tone and I'm only ten years old.

I live in warm seas and oceans. I can swim fast and more powerfully than any other shark. I swim at 55 km/hr.

I have 50 teeth and each one is up to 6 centimetres long. My teeth are *razor-sharp*, like knives.

I am very curious about unfamiliar items in the sea. I often come very close to investigate who is around in the water because I am always hungry! I eat mostly meat, I am *carnivorous*.

But I also like eating bottles, logs, car tyres, shoes and turtles.

I have several *fins* that help me to swim. I breathe underwater using my *gills*.

I'm a dangerous boy but I'm the king of the seas!
